

Complete Anonymity Is Finally Here

We will show you a way to detach from the system – in a manner that is thoughtful, sophisticated, and surprisingly accessible. We will demonstrate how each of us can step aside and start operating according to our own rules.

The Problem We All Face

Tracking at Every Step

The system wants complete overview
of our transactions

Centralized Exchanges

Annoying KYC procedures, reporting,
and transaction reports

Lost Privacy

Every transaction is recorded and
traceable

Do you have a crypto portfolio but don't know how to spend money anonymously? This is the answer to your problems.

Introducing a revolutionary solution

Payment Card without KYC

Anonymous purchases in stores, payments at gas stations, online shopping, restaurant payments, or ATM withdrawals. Completely anonymously!

What is KYC and why is it annoying?

Know Your Customer

A rule for banks and exchanges to verify identity

- Photo of ID card or passport
- Mandatory selfie
- Electricity bills
- Other bureaucratic documents

You don't have to deal with this anymore!

With our solution, KYC procedures will become a thing of the past

BANCUS: The Future of Anonymous Payments

Decentralized Platform

Bridges the gap between cryptocurrencies and the traditional financial world without the need for KYC

Visa Debit Card

Physical and virtual card available globally in over 150 countries

Only Email Needed

Registration with email and username - no other documents

Who is the card for?

Crypto Investors

Owners of Bitcoin, USDT, USDC, and other cryptocurrencies looking for an anonymous way to spend

People under Enforcement

Debtors monitored by the system, for whom the card can significantly ease their lives

Privacy Enthusiasts

Everyone who wants to maintain their anonymity and financial independence

Who is behind Bancus?

www.crypto-earnings.com

Comprehensive Financial Services Ecosystem

Staking

Staking USDT or BANCUS tokens for 3-12 months for attractive rewards

RWA Marketplace

Access to tokenized real assets including gold-backed tokens

Crypto Loans

Loans with cryptocurrencies as collateral for immediate liquidity

AI Trading

Algorithms and AI for trading on forex, gold, and crypto markets

Who is BANCUS?

BANCUS is a fintech company defining itself as a **decentralized digital institution** based in Mexico City with branches in Colombia, Costa Rica, Spain, and Dubai.

It focuses on making financial services accessible to people without access to traditional banking.

We are not an MLM company, but a technology firm seeking partners for global expansion.

42,000 users as of July 2025

More than 150 countries of availability

2 years in operation

Leadership and Experience

2015 - Cryptocurrency Mining

Operated one of the largest cryptocurrency mining companies in Latin America with 14,000 machines.

2019 - Stock Exchange Listing

The first Latin American blockchain firm to be listed on the Canadian Securities Exchange.

Present - 325 Employees

Office in Colombia focused on disruptive technologies: AI, metaverse, DeFi, and real asset tokenization.

CEO Alejandro Castro and his partner have over 10 years of experience in the blockchain industry.

Our Mission and Philosophy

"Bank of Us" - The Bank of All of Us

Profit with Purpose

Projects that not only generate profit but also have a meaningful purpose - solutions for monetizing crypto assets.

Partnership over Employment

We seek partners for community growth and reward them by sharing a significant portion of the profits.

Transparent Ethics

Transparent and ethical business with value-driven individuals.

Key Card Benefits

www.crypto-earnings.com

No KYC

Only email and username for registration

Global Reach

Works in 150+ countries wherever Visa is accepted

Full Control

100% control over funds, Bancus does not have access to your money

Instant P2P

Send funds between users via email, free and instantly

Card Type Comparison

	Plastic Card	Metal Card
Total Cost	35 USD (+10 USD shipping)	75 USD (+10 USD shipping)
Daily Limit	2,500 USD	No limit
Max. Top-up	50,000 USD	50,000 USD
KYC Requirements	None	None
Lifespan	3 years	3 years

Renewal after 3 years is free for transactions over 500 USD!

Simple and Transparent Fee Structure

Single Fee

Only 4% when topping up the card - no other hidden fees

No Monthly Fees

No recurring payments for maintenance or account management

Free Payments

Payments in stores and online without any fees

4% for anonymity? That's a great deal!

Think of it as an anonymity fee. If there's a company that provides this for only 4%, I'm perfectly fine with that.

Additionally, the partner program allows you to cover this fee and even earn much more. The company shares its revenue with you – fairly and transparently.
